SMARTER HOMES SAFER COMMUNITIES

Powered by aico

#SmarterSafer

Smarter Homes, Safer Communities powered by Aico, is a two part virtual conference covering the current challenges the housing sector is facing, the advancements in technology and the future of IoT in housing.

Smarter Homes, Safer Communities Part 1

Thursday 26th November 2020, 9:30 to 17:30

Part one of the Smarter Homes, Safer Communities conference will focus on the current challenges the housing sector is facing and how technology has changed.

There will be five sessions over the course of the day with networking opportunities after each session. Sessions will include keynote speakers - George Clarke, Iain Wightwick, Sir Tim Berners-Lee and more.

George Clarke
The UK Housing Crisis and How this Can Be Reduced

Iain Wightwick
Legal Challenges for Housing Providers

Sir Tim Berners-Lee
Technology in Times of Change

Smarter Homes, Safer Communities Part 2

Thursday 10th December 2020, 9:30 to 17:30

Part two of the Smarter Homes, Safer Communities conference will focus on and explore the advancements in technology, safety in the future and the future of IoT in housing.

There will be five sessions over the course of the day with networking opportunities after each session. Sessions include keynote speakers - Dame Judith Hackitt, Colin Todd (MBE), Steve Wozniak and more.

Dame Judith Hackitt
Safety in the Future

Colin Todd (MBE)
British Standards and Improved Data

Steve Wozniak
What Does the Future Hold
